

# Eternity

By Jane Strickland

Ashes to ashes  
Dust to dust.  
Throughout eternity  
It has been thus.  
The tides come in  
The tides go out.  
When sad we cry,  
When glad we shout.  
But with limited wisdom  
We seem not to comprehend  
The eternal cord unbreakable  
Binding us to Him,  
Who created and sustains us.  
Three powerful golden strands  
Braided tight together  
Secure and indestructible  
Compose this perfect tether.  
First, His love incomprehensible,  
Second, trust in The Holy God Who is Love  
Third, gifted with courage  
To make right choices  
These bind us to Him forever.

Jane Strickland served the Lord alongside her late husband for 32 years and has been a Mission:Dignity recipient since 2020.

## Winter Car Maintenance *and* Assistance Tips

### ► Discount Tire or America's Tire Free Service

Your tires lose air pressure due to weather changes and normal use, typically about 2-3 psi (pounds per square inch) each month. Underinflated tires reduce fuel economy by creating extra resistance as they roll down the road. This resistance makes the engine work harder to power the car, burning more fuel in the process.

Visit your local Discount Tire or America's Tire for a complimentary air pressure check. Just look for the “free air check” sign, and a courteous staff member will be happy to properly air up your tires and inspect their tread at no charge.
